

World Diabetes Day Washington 2019

In Washington State alone, we have over 685,000 people living with diabetes and nearly 2 million people with prediabetes. As a consequence, diabetes is the seventh leading cause of death in our state. For this reason, partners across the state have joined to develop the World Diabetes Day Washington (WDDWashington) campaign. The aim of this campaign is to complement and support related diabetes awareness campaigns that may be happening in different regions across the state. In order to evaluate the effectiveness of this campaign, we would like to ask for feedback. Please submit your comments via email to alexandro.powsang@doh.wa.gov.

Thank you,

<p>WDDWashington</p> <p>In Washington State alone, we have over 685,000 people living with diabetes and nearly 2 million people with prediabetes. As a result, diabetes is the seventh leading cause of death in our state. For this reason, we hope to increase awareness about this condition through the National Diabetes Month and World Diabetes Day campaigns. On behalf of Northwest Kidney Centers and Washington State Department of Health, we invite you to join us in participating in the World Diabetes Day Washington 2019 social media campaign. Check out the WDDWashington Facebook and Twitter pages to keep up with our posts and see more social media messages.
