FEEDBACK FROM PARTICIPANTS

Most people were aware of the event through TV, FB and Word of Mouth

Majority of the ratings was that it was an excellent event.

Most of the participants said the reason they came was to learn to learn more about taking care of diabetes, learn more about how to prevent, for the free screenings and to have a family fun activity

Most of the participants said they would put into action what they learned at the event.

Topics they would like to see more of:

More nutritious cooking classes, more healthy recipes, learn the high risks of having diabetes, mental health, More info on Doctor/Specialist for Diabetes, how to prevent before diabetes is diagnosed, more nutrition classes, medication for diabetes, more activities for kids, how to talk to our kids about self-management, have video clips available, more about meal portions,

Comments/Feedback:

Had a great time, great information, excellent programs, thank you for coming out to the community to teach us, Good work, Awesome, everyone was friendly at the tables and nurses doing our screenings. Do more Promotion, All the information is very interesting; continue to have these events they are important for us, thank you everything was great and your support to help us.

From Gina at WSU

Yes, I will ask students on Friday and get back to you on all of our feedback. I thought it was a big success and I know the students loved it.
